VIVER D'ESPIELLS MALVASIA 2021

Viver d'Espieells is the name given to the RDI project by Propietat d'Espieells, the still wine producer of the Juvé&Camps wine group, driven by an interest in exploring the possibilities and potential of the soils and varieties present in the winery's vineyard.

This micro-vinification research project produces very limited-edition wines made with special techniques, the first of which is this Malvasia de Sitges 2021.

MALVASÍA DE SITGES

Malvasia de Sitges is a variety brought back from the verge of extinction in the Penedes region, where up to 300 different clones of this grape can be found. The fact that it is difficult to cultivate drove the variety to the brink of disappearance. At this time, only 65 hectares are planted with Malvasia de Sitges, representing 0.53% with respect to white varieties and 0.42% with respect to all varieties. 2 of these hectares are planted at Espieells, Juvé & Camps' most emblematic estate.

SOIL

Loam-clay
-limestone

CLIMATE

Mediterranean
Altitude 250 m

VINEYARDS

100% estate and organic

HARVEST

100% hand-picked

GRAPE VARIETY

100% malvasia de Sitges

PLOT

El Viver

ABV

12,5%

PRODUCTION

2.634 bottles

TASTING NOTE

An extraordinarily expressive white wine with the signature floral and fresh fruit aromas that characterize Malvasia de Sitges. The palate is very fresh, with bright acidity, round and velvety texture, and a fresh finish. The wine already promises to mature beautifully in the bottle.

AGING

20%

of the wine in
stainless steel tanks
(the freshness)

33%

of the wine in
amphorae for 6
months (the intensity)

47%

of the wine in
oak barrels for 6
months (the body)
