

PROPIETAT D'ESPIELLS  
FINE WINES

GREGAL  
2023

### Origin

Made from a duo of white grapes: **Muscat of Alexandria** and the international Gewürztraminer from our plots in Can Massana, Espiells, with clay-limestone soils at **an altitude of between 220-250 m and clayey loam between 500-700 m above sea level, respectively.**

**Average age of the vineyard: 25 years.**

### Viticulture

**Ecological vineyard** and integrated in the environment with forests and margins that provide biodiversity. In winter and spring, the soil is fed by organic matter from a local farmer's flock of sheep.

We take care of our vines with **regenerative and precision viticulture techniques and we practice respectful pruning**, focusing on low yields in order to maintain the health and longevity of the vineyard.

We harvest and select the grapes **manually** and conduct ripening controls by plot. To prevent pests, we conduct biological controls and use natural pesticides.

### Tasting

Gregal seduces with its straw-yellow colour and with a limpid, bright appearance. In nose it is full of nuances, with intense hints of white flowers, aromatic herbs and citrus, crowned by a perfume of roses. It also hints tropical notes reminiscent of lychees. On the palate it is balanced and unctuous, with a generous acidity and a smooth, silky texture. Great persistence.

### Winemaking

Cold pre-fermentative maceration (6 to 10 hours at low temperature and in an inert atmosphere) to preserve the freshness and fragrance of the grapes. Fermentation of the free run must at a controlled temperature.

### Harvest 2023

The 2023 harvest was marked by rainfall well below the average for the Penedès in recent years: very little rain in autumn and winter, and high temperatures and low rainfall in spring and summer. Relatively deep and clayey soils, and in field work and soil tillage, we ensured water retention and optimal plant growth for quality, albeit limited, production.

VARIETIES	PRODUCTION	MINIMUM AGING	DOSAGE	BOTTLING	ABV
Muscat of Alexandria, Gewürztraminer	Traditional method	-	Brut	January 2024	12%

VINEYARDS	SOIL	HARVEST	AGRICULTURE
Espiells (Finca Rieral)	Clayey-calcareous loam	2023	Certified Organic
